Town of Wilton Water and Sewer Authority
Mission Statement

The Town of Wilton Water and Sewer Authority (WWSA) was created in 1991 by the NYS legislature to produce, develop, distribute and sell domestic water and sanitary sewer services within the Town of Wilton. Our Mission is to provide safe, high quality and reliable water and sewer service to residential, commercial, and industrial customers within the Town of Wilton. Our goal is to provide these services in the most efficient and cost effective ways to maintain reasonable rates while continually planning, maintaining, and upgrading our facilities to meet current and future needs. The WWSA is also committed to funding capital reserves for new improvements and future replacement of facilities and equipment.

We are committed to fulfilling this mission in an open, courteous, and professional manor and to uphold the confidence of our customers.

2016 Report on Operations and Accomplishments

The WWSA was created in 1992 for the purpose of providing water and sewer service to the residents and commercial interests of the Town of Wilton. Water service was initially established through the acquisition of the water system owned by Wilton Water Supply Company, Inc. (Initial application WSA #8806). Since its initial formation, the WWSA has made seventeen applications to extend its service territory and has made five additional applications to increase the permitted withdrawal.

At the present time, the source of water for the majority of the WWSA service territory is taken from three sources of supply (permitted capacity 2.94 mgd) operated by the Water Authority. Portions of the service territory (the commercial core in the vicinity of Exit 15 of I-87) utilize water from the City of Saratoga Springs. Under the agreement with the City of Saratoga Springs, the WWSA has a contract committing up to 250,000 gallons from the City of Saratoga Springs Source of Supply. Additionally, the WWSA takes up to 300,000 gallons per day from the Saratoga County Water Authority (WSA 11,328). The total permitted capacity is currently 3.49 mgd.

The Saratoga County Sewer District #1 (SCSD#1) was established in 1971 providing sanitary sewer service to a 186 square mile service area within Saratoga County. Prior to 2005 the SCSD#1 boundary included a limited area within the southwestern portion of the Town of Wilton. The SCSD#1 expanded the District boundary to include the entire Town of Wilton in 2005. Ownership and maintenance of the sanitary sewer infrastructure within the Town of Wilton has historically been provided through a collaborative effort between the SCSD#1 and the WWSA. The SCSD#1 has taken ownership of all trunk sewers and the collectors and pump stations located within the original SCSD#1 service area; while the WWSA accepts ownership of the collectors and pump stations within the Town located outside the original SCSD#1 service area.

In 2014 the WWSA has had two major improvements to its operations and service. The WWSA is in the process of extending water service to the Towns corporate boundary on Ingresoll Rd. The WWSA will also be replacing the Indian Springs sewage pumping station.

1. The authority shall have the power and is hereby authorized from time to time to issue bonds in such principal amounts as it may determine to be necessary to pay the cost of any project or for any other corporate purpose, including incidental expenses in connection therewith. The authority shall have power and is hereby authorized to enter into such agreements and perform such acts as may be required under any applicable federal legislation to secure a federal guarantee of any bonds. The authority shall have power from time to time to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured, and may issue bonds partly to refund bonds then outstanding and partly for any other corporate purpose. Bonds issued by the authority may be general obligations secured by the faith and credit of the authority or may be special obligations payable solely out of particular revenues or other moneys as may be designated in the proceedings of the authority under which the bonds shall be authorized to be issued, subject only to any agreements with the holders of outstanding bonds pledging any particular revenues, earnings, or moneys.

2. The authority is authorized to obtain from any department or agency of the United States of America or the state or any nongovernmental insurer or financial institution any insurance, guarantee or other credit support device, to the extent now or hereafter available, as to, or for the payment or repayment of interest or principal or premium, or any of the foregoing, or any part thereof, on any bonds issued by the authority and to enter into any agreement or contract with respect to any such insurance or guarantee, except to the extent that the same would in any way impair or interfere with the ability of the authority to perform and fulfill the terms of any agreement made with the holders of outstanding bonds of the authority.

(1) vesting in a trustee or trustees such properties, rights, powers and in trust as the authority may determine which may include any or all rights, powers and duties of the trustee appointed by the bondholders, pursuant to section eleven hundred thirty of this title and limiting or

abrogating the rights of the bondholders to appoint a trustee under such section or limiting the rights, duties and powers of such trustee;

(k) defining the acts or omissions to act which may constitute a default in the obligations and duties of the authority to the bondholders and providing for the rights and remedies of the bondholders in the event of such default, including as a matter of right the appointment of a receiver, provided, however, that such rights and remedies shall not be inconsistent with the general laws of the state and other provisions of this title;

(m) limitations on the amount of revenues and other moneys to be expended for operating, administrative or other expenses of the authority;

(n) the payment of the proceeds of bonds, revenues and other moneys to a trustee or other depository, and for the method of disbursement thereof with such safeguards and restrictions as the authority may determine; and

(o) any other matters of like or different character which may in any way affect the security or protection of the bonds or the rights and remedies of bondholders.

5. In addition to the powers herein conferred upon the authority to secure its bonds, the authority shall have power in connection with the issuance of bonds to enter into such agreements as the authority may deem necessary, convenient or desirable concerning the use or disposition of its revenues or other moneys or property, including the mortgaging of any of its property and the entrusting, pledging or creation of any other security interest in any such revenues, moneys or properties and the doing of any act (including refraining from doing any act) which the authority would have the right to do in the absence of such agreements. The authority shall have the power to enter into amendments of any such agreements within the powers granted to the authority by this title and to perform such agreements. The provisions of any such agreements may be made a part of the contract with the holders of bonds of the authority.

6. Any provision of the uniform commercial code to the contrary notwithstanding, any pledge of or other security interest in revenues, moneys, accounts, contract rights, general intangibles or other personal property made or created by the authority shall be valid, binding and perfected from the time when such pledge is made or other security interest attaches without any physical delivery of the collateral or further act, and the lien of any such pledge or other security interest shall be valid, binding and perfected against all parties having claims of any kind in tort, contract or otherwise against the authority irrespective of whether or not such parties have notice thereof. No instrument by which such a pledge or security interest is created nor any financing statement need be recorded or filed.

7. Whether or not the bonds are of such form and character as to be negotiable instruments under the terms of the uniform commercial code, the bonds are hereby made negotiable instruments within the meaning of and for all purposes of the uniform commercial code, subject only to the provisions of the bonds for registration.

For the purposes of this subdivision, the phrase "exempt from taxation" means exempt from direct taxation in conformity with established judicial interpretation of the tax exempt status of the obligations of the state and its agencies, entities, authorities and political subdivisions and thus, the meaning of such phrase is in conformity with the legislative intent expressed by section twenty-two of chapter one hundred sixty-six of the laws of nineteen hundred ninety-one regarding the tax exempt status of obligations of the state and its agencies.
